*Vanderbilt Reviews Neuroscience (VRN)* is an open-access journal (<http://vrn.vanderbilt.edu>). *VRN* is the official journal of the Vanderbilt University Neuroscience Graduate Program and the Vanderbilt Brain Institute. *VRN* is a collection of reviews submitted by Vanderbilt University Neuroscience Graduate Program students whilst qualifying for doctoral candidacy. The journal also offers highlights and commentary on work being done at Vanderbilt and in Neuroscience laboratories around the world. *VRN* was founded in May 2009 in an effort to consolidate and recognize the hard work done by each class of Ph.D. qualifiers, and is published yearly by the Institute, one volume per year.

#### Review Process

All reviews submitted for doctoral qualification must be approved by a committee of at least four tenured or tenure-track faculty members (Phase I). All approved reviews are accepted by *Vanderbilt Reviews Neuroscience*.

Reprints of individual articles are available from the authors or on the website (under construction). Requests for permission to reprint material published in *Vanderbilt Reviews Neuroscience* should be made in writing and addressed to the attention of Journal Permissions, *Vanderbilt Reviews Neuroscience*, U1205 Medical Center North, Nashville, TN 37232 (email: [vrn@vanderbilt.edu](mailto:vrn@vanderbilt.edu)). The request must include a citation of the exact material that will be reprinted and specific information about where it will be used. One must receive express written permission from the authors whose work will be reused. Original artwork can only be obtained from the authors. All copyrights © are held by the Authors.
